Dear Friend:

I imagine you have received placards by this time, for a game in Trenton July 12th, between The Eagles and The Elite Giants. We completed arrangements over the phone, and I had to hurry and order the cards before writing you, as the time was so short.

The story is none of the teams would come to Trenton under the terms the park was offering. They were taking more than any other park in the country asks for. We had a chance to bring The Homestead Grays there last Monday, but I could not get the park to agree to terms until now.

I understand the transportation problem is very bad, so it will be a big gamble. If we do any good we will be able to come back forseveral more games. If you can think of any publicity angles that would help, let me know. We cant afford to make these trips if we dont make any money. The transportation is so expensive.

If you do not have a "B" sticker for your car, see if your local board wont give you one for the baseball work. It is all according to how they feel, if they are baseball fans they want to see it go.

Call me if you want anything, as the time is too short to do much writing.

Very Truly Yours
